The Flora and Fauna of Florida.

Observing our kind of flora and fauna is merely one of the activities to be enjoyed at the Florida Motor Inn. No wonder it's Sydney's Number One family holiday spot.

Amongst the lush gardens are a playground and barbecue area as well as pool, where our guests can soak up both the sun and companionship.

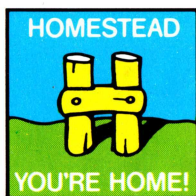

Of course, you can get away from it all in our motel units, each with a bathroom and kitchen. Or, we've got one and two-bedroom family units with a lounge room,

kitchen and bathroom.

All units have colour TV and a direct dial phone. Some even have magnificent harbour views. Some, air conditioning. (And our special weekly rates can really save you a mint!)

When it comes to entertainment, you're only minutes from the city centre and we can even arrange a baby-sitting service. Cots, high chairs, strollers, a laundry and sauna complete the picture of a stay at the Florida Motor Inn.

Can't you see yourself there now?

DEFINITION OF SYMBOLS:

Where meals, other than breakfast, are served to units, this is indicated in the text for the specific establishment. Many dining-rooms and restaurants close over weekends or on certain days; days of closure are indicated in the text listings ie (✕ closed Sat, Sun).

- ✕ Denotes a fully licensed restaurant or dining room available.
- ✕ Denotes an establishment where meals other than breakfast are available either by way of a restaurant or dining-room.
- ♿ A Wheelchair access with assistance.
- ♿ Wheelchair access complies with Australian Design Standard AS1428.

TARIFFS

Tariffs shown in this Directory are those obtained from the various managements at the time of compilation, and should be valid for 6 months from the date of publication. (Published twice annually.) Increases may occur during the currency of this Directory as managements claim the right to alter these at any time without notice.

THE RATES QUOTED SHOULD BE REGARDED AS APPROXIMATE ONLY.

Where tariffs are shown "fr" a quoted figure, such establishments either have certain accommodation for which higher rates are charged and/or they increase tariffs during holiday periods which include Christmas, Easter, school holidays and long weekends. In certain cases higher rates are charged for normal weekends also.

MEMBERS ARE, THEREFORE, STRONGLY ADVISED TO CHECK THE TARIFF ON ARRIVAL

Tariff is confirmed when the booking is made by NRMA accommodation booking service.

Children's Concessions

Concessions, which may vary considerably, are usually offered for children under 12 years. Members should ascertain full details of such concessions from the management of the establishment concerned.

Tariffs shown in this Directory for hotels and motels are for two and one persons. In all cases where single occupancy rates are quoted, this applies to a person having sole use of a unit. Two and one person rates only are indicated, and where more than two people occupy one room or unit a sliding scale is normally applied.

Where a tariff is prefixed by "Rm only" an extra charge is made for breakfast. "B and LB" suggest that a light, or Continental type breakfast is provided — hot dishes are usually available on an a-la-carte or table d'hote basis.

When breakfast is included in the tariffs, this is indicated within the listings. (See page 2 for abbreviations.)

ACCOMMODATION CATEGORIES

- Lic. H:** (LICENSED HOTEL): Fully licensed premises providing accommodation and meals together with bar and lounge drinking facilities.
- Lic. HM:** (Hotel-Motel): Fully licensed premises providing customary hotel amenities with all or part of accommodation in a separate block built on modern motel lines. Adequate off-street parking facilities within the hotel boundary.
- M:** (MOTEL): Establishments catering primarily for motorists. Adequate parking facilities provided within the motel boundary, or adjacent (in such instances this is indicated in the text). All units have individual bathing and toilet facilities (unless otherwise specified) and breakfast is provided. For details of individual establishments, see text.
- NOTE:** The type of structure may vary, from single or multi-storey (dependent on location) and in some instances, converted conventional buildings. Unless otherwise specified, motels listed are single or multi-storey buildings with parking convenient to units.
- SA:** (SERVICED APARTMENTS): Self-contained units which are serviced daily. Breakfast may be provided.
- PH:** (PRIVATE HOTEL): Non-licensed establishments catering for overnight or holiday type accommodation.
- GH:** (GUEST HOUSE): Non-licensed establishments normally catering for holiday type accommodation.

CLASSIFICATIONS

Certain establishments in New South Wales, Queensland, South Australia and Victoria have been granted classifications by the respective Automobile Clubs/Associations for the benefit of members.

NOTE: Also for benefit of members those classifications granted by the Licensing Court in Western Australia have been included. See page 381.

Classifications are intended to indicate, in a general sense, the TYPE of accommodation offered. All classifications are allocated on the basis of the amenities and facilities provided by the establishment at the time of inspection. These could vary during the currency of this Guide.

Conventional Licensed Hotels are indicated by ★ Motel type accommodation ♦

Establishments classified must be clean and well maintained providing at least breakfast. Other meals, service, bathing and toilet facilities must be appropriate to the classification granted. In some cases in New South Wales, classifications are shown where breakfasts are provided for the majority of the week, and the information of non-availability is clearly shown in the listing. Classifications are not shown where repeated requests for tariff details have brought no response from Hotels or Motels.

Hotel/motels and motels must have a minimum of four units before being considered for classification and must contain within their boundaries adequate off-street parking, or in the case of multi-storeyed city establishments, suitable alternative arrangements.

Facilities may vary dependent on location and size of establishment and this particularly applies to availability of all meals, lounge accommodation, portage and on-site parking facilities.

Because a variety of accommodation of different standards is often available at the one establishment, the classification granted will apply to the majority of units/rooms. However, this will be clarified at the end of the listing by including "some units/rooms of a higher or lower classification" or if necessary "10 units/rooms not included in classification".

"New — to be classified" appears where an establishment is to be inspected for classification.

Establishments listed in the N.S.W. section of this directory are inspected at least once annually. Similar inspections are carried out in the other states by inspectors from affiliated organisations.

THE FACT THAT AN ESTABLISHMENT IS NOT LISTED IN THIS GUIDE OR IS NOT CLASSIFIED DOES NOT IMPLY THAT IT IS INFERIOR IN ANY WAY TO THOSE LISTED OR CLASSIFIED.

CLASSIFICATION DEFINITIONS

The requirements of the lower classifications are included in the higher.

The cheapest and best holidays you'll ever find are right here in Australia.

Australia is crammed full of great holidays. And many of them are right on your doorstep. Get up, get out and enjoy the beaches, the outback, the rugged mountain ranges, the exciting capital cities. No other country in the world has as much to offer for as little as Australia.

And wherever you go, whatever exciting or relaxing destination you choose, you'll find a Zebra Motor Inn waiting to welcome you.

Not only is every Zebra Motor Inn in a great location, but you can be sure that it charges reasonable tariffs. After all, these days everybody is travelling on a budget – holidaymakers, commercial travellers, overnitters and especially families. So how does from around \$25 per double per night sound? When a Zebra sign goes up over a motel, it's your guarantee of reasonable rates.

But a Zebra sign means a lot more than a great location and reasonable rates. You'll start your stay with a warm welcome (most of our motor inns are run by owner/managers who know what it's like to travel). Once inside your room (and we have larger rooms available for families) you'll

find tea and coffee making facilities, private bathroom and toilet, facilities for children (on request), and best of all, a good night's rest. At many of our motor inns, you'll find a pool, gardens, playgrounds and other extras to make your stay as pleasant as we can make it.

**And there's
a Zebra Motor Inn
waiting to welcome you
to every one.**

ZEBRA MOTOR INNS

All of which adds up to what we believe a motor inn should be: clean, comfortable, well-located and reasonably priced.

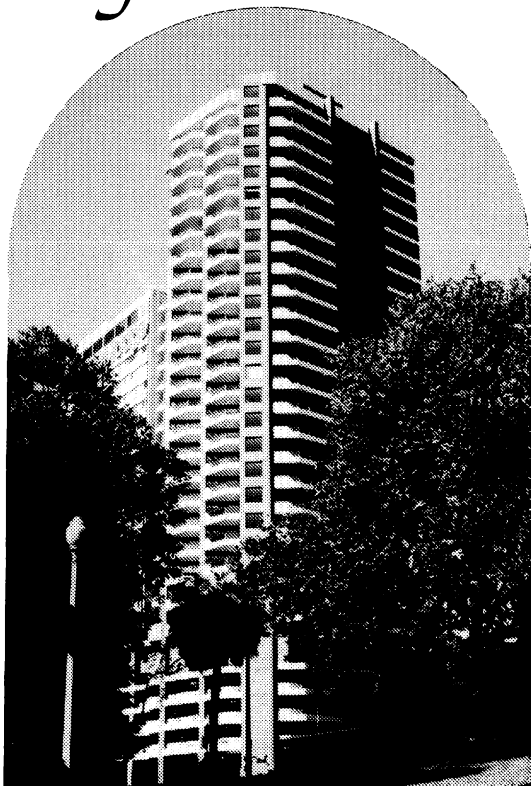

So don't just sit there. Get out and enjoy Australia. Just look for the Zebra sign in every state — in cities, the country and on highways. Call

Sydney (02) 908 3533, Melbourne (03) 614 1001 or Brisbane (07) 221 6044. Any Zebra Motor Inn, travel agent, or NRMA office can book your entire itinerary.

Wherever there's a great place to stay in Australia, there's a Zebra Motor Inn waiting to welcome you.

We've earned our stripes!

EXCLUSIVE MID-CITY ACCOMMODATION

Now for something completely different.

Because Menzies is a very individual hotel, we do things differently.

That's why a free bottle of champagne plus our special selection of fruit awaits you in your luxurious suite.

And there's no charge for children under 12.

If you're not strolling to the harbour or Opera House (which are minutes away) there's a world of different Menzies restaurants to explore, and for entertainment there's the Piano Bar or Pearly King Music Hall.

For relaxing try our indoor heated pool or spa or saunas.

For one night or two you'll be surprised how little it all costs. Menzies Hotel, 14 Carrington St., Sydney. Phone 2 0232. Remember there's only one Menzies.

Summertime Thredbo.

Thredbo in summertime is the ideal place to have the perfect holiday.

Australia's premier ski resort in winter — nature's wonderland in summer.

Come on up to Thredbo and experience a unique, relaxing time.

You can ride the longest chairlift in Australia to the top of Mt. Crackenback (it's the closest setting off point for an exhilarating 6 km walk to Mt. Kosciuszko).

On the way back you can have lunch at the Eagles Nest cafe and take in the breathtaking views.

And there are lots of other things to do in Thredbo. Play a round of golf or a game of tennis. Ride horses or catch some mountain trout. Or just put your feet up and read a book.

Book now with NRMA and stay this summer in the Thredbo Alpine Hotel.

The food and wines are excellent. In fact, one thing is for sure, Thredbo in summertime is a great place for a holiday or just a couple of days break, because the living is easy.
